Statement-II

The details of the Licence fee/revenue share collected from the cellular service providers from 1999 *to* 2008 *(up to second quarter)*

Year	Amount collected on account of spectrum (crores)
1999-2000	2,183.61
2000-2001	1,195.50
2001-2002	541.27
2002-2003	1,036.27
2003-2004	918.02
2004-2005	1,449.33
2005-2006	1,861.12
2006-2007	2,874.38
2007-2008	3,941.83
2008-2009 (upto 11-2008)	2,412.88

Share of revenue

1895. SHRI S.S. AHLUWALIA: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether the mobile phone service providers have been sharing their revenue with Government;

(b) if so, the details thereof indicating revisions therein, if any effected since 2004-05 till date;

(c) year-wise details of volume of the share of revenue received by the Excheque from the respective mobile telephone service providers since 2003-04 till the current year;

(d) whether Government contemplate to revise the revenue sharing procedure and formula with the mobile phone operators keeping in view the constraint in availability of spectrum and ever increasing users' volume;

(e) if so, the details thereof; and

(f) if not, the rationale therefor?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI JYOTIRADITYA MADHAVRAO SCINDIA): (a) Yes, Sir. All the mobile phone service providers have been sharing their revenue with Government in the form of i) License Fee ii) Spectrum Fee.

(b) The details including the revisions are as follows—

(i) **Licence Fee**—

Category of Circle	Rates up to 31.03.2004	Rates w.e.f 01.04.2004
A	12% of Adjusted Gross Revenue	10% of Adjusted Gross Revenue
B	10% of Adjusted Gross Revenue	8% of Adjusted Gross Revenue
C	8% of Adjusted Gross Revenue	6% of Adjusted Gross Revenue

In addition, first cellular licensees in telecom circles were given additional incentive and licence fee was further reduced by 2% *w.e.f.* 01.04.2004 for the next four years subject to the stipulation that no operator shall pay less than 5% of the AGR, the requirement for USO.

(ii) **Spectrum Fee**—The details regarding the Spectrum Fee are given in the Statement-I and II. (*See* below)

(c) Year-wise details of share of revenue received by the Exchequer from the respective mobile telephone service providers in the form of Licence Fee since 2003-04 till the current year is given in the Statement-III. (*See* below) The details regarding spectrum Fee are given in the Statement-IV and V. (*See* below)

(d) At present, there is no proposal to revise the revenue sharing procedure and formula with the mobile phone operators in respect of Licence Fee. However, there is a proposal for revision of percentage of revenue share for Spectrum charging under consideration of the Government.

(e) The revision of percentage of revenue share for Spectrum charging is under consideration of the Government.

(f) Doesn't arise in view of (e) above.

Statement-I

The details regarding the spectrum fee

Government of India
Ministry of Communications and IT
Department of Telecommunications
(WPC WING)

Sanchar Bhawan, 20, Ashoka Road,
New Delhi-1
No. J-14025/200(11)/06-NT 10th November, 2008

ORDER

Subject:—Spectrum Charges for Microwave Access and Backbone Networks of GSM and CDMA based telecom services.

1. In continuation of this office Order No. J-14025/200(11)/06-NT dated 03-11-2006, regarding the Spectrum charges of Microwave Access and Backbone networks of GSM and CDMA based telecom services, the Central Government prescribes the spectrum charges (licence fee plus royalty) beyond the 6th (sixth) carrier as under:—

Microwave (MW) Spectrum Bandwidth	Spectrum charges as percentage of AGR effective from 03-11-2006	Cumulative spectrum charges as percentage of AGR effective from 03-11-2006
Seventh carrier of 28 MHz (paired)	0.40	1.85
Eighth carrier of 28 MHz (paired)	0.45	2.30
Ninth carrier of 28 MHz (paired)	0.50	2.80
Tenth carrier of 28 MHz (paired)	0.55	3.35
Eleventh carrier of 28 MHz (paired)	0.60	3.95

2. All telecom service providers, presently using MW bandwidths of 3.5 MHz/7MHz/14MHz, in different 28 MHz carrier (bands) shall take immediate steps and consolidate the same within one or two carriers of 28 MHz by 31-12-2008. From 03-11-2008 till 31-12-2008, the aggregate of such small carriers shall be charged at full rate if their total quantum is more than or equal to 14 MHz bandwidth in a Service Area. On the other hand, if the quantum of such small carrier's aggregate is less than 14 MHz bandwidth in the Service Area, the same shall be charged at half the rate applicable to the specific 28 MHz (Paired) bandwidth carrier.

3. With effect from 1st January 2009, one of more small carriers of 3.5 MHz/7MHz/14/MHz, falling within a specific 28 MHz (Paired) bandwidth carrier in a Service Area, shall be charged at the rate applicable to the full carrier of 28 MHz (paired) bandwidth.

4. All other terms and conditions as mentioned in the Order No. J-14025/200(11)/06NT dated 03-11-2006 remain unchanged.

5. This issues with the concurrence of Member (Finance), Telecom Commission *vide* Dy No. 1321-M(F)/08 dated 03-11-2008.

(P. Chandrasekharan)
Deputy Wireless Advisor to the Government of India

Copy to:—

5. Wireless Finance Division, DoT.

Statement-II

Details regarding spectrum fee

Government of India
Ministry of Communications and IT
Department of Telecommunications
(WPCWING)

Sanchar Bhawan, 20, Ashoka Road,
New Delhi-1
No. J-14025/200(11)/06-NT 3rd November, 2006

ORDER

Subject:— Spectrum Charges for Microwave (MW)Access and MW Backbone Networks of GSM and CDMA based telecom service providers.

In pursuance of the powers conferred by Section 4 of the Indian Telegraph Act, 1885 (13 of 1885) and in supersession of the Order No. L-14047/01/2002-NTG dated 18th April, 2002 and a partial modification of Order N0. R-11014/4/87-LR(Pt.) dated 20th July, 1995 and Corrigendum No. R-11014/26/2002-LR dated 1st April, 2003, the central Government hereby prescribes the following royalty charges (based on revenue share) for MW Access (normally in the frequency band 10 GHz and beyond) and MW Backbone networks (generally below 10 GHz frequency band) of GSM and CDMA based telecom service providers:

2. The following revenue share percentage(s) shall be levied for assignment of Microwave networks of GSM and CDMA based telecom service providers:—

Spectrum Bandwidth	Spectrum charges as percentage of AGR	Cumulative spectrum charges as percentage of AGR
1	2	3
First carrier of 28 MHz (paired)	0.15%	0.15%

1	2	3
Second carrier of 28 MHz (paired)	0.20%	0.35%
Third carrier of 28 MHz (paired)	0.20%	0.55%
Fourth carrier of 28 MHz (paired)	0.25%	0.80%
Fifth carrier of 28 MHz (paired)	0.30%	1.10%
Sixth carrier of 28 MHz (paired)	0.35%	1.45%

2.2 The above spectrum charges (as percentage of AGR) are applicable for both for MW access carriers (in Metros and other telecom service areas) as well as the MW backbone carriers separately.

2.3 While the first microwave access carrier can be allotted for the complete serviced area, subsequent carriers shall be allotted based of justification and for the cities/districts where it is found to be essential.

2.4 However, the revenue share would be based on the AGR for complete service area for simplicity of calculations, which is one of the main features of the revenue share regime.

2.5 Assignment of frequencies of MW access and MW backbone networks for GSM and CDMA based telecom networks would continue to be considered on the basis of full justification of the requirements and availability of the spectrum, on case-to-case and link-to-link basis, after taking into consideration the spectrum requirement of the other users with a view to ensuring electromagnetic compatibility etc. The complete technical analysis and all related aspects of frequency assignments, including efficient use of spectrum, will apply before assigning frequencies for various MW access and MW backbone links. There will be no obligation on the part of the Government to assign frequencies for such purposes.

2.6 These charges include the royalty charges for spectrum usages and licence fee for the fixed station in the MW access and MW backbone links.

2.7 The assignment of MW access and MW backbone frequencies shall not be exclusive for any service provider and will be shared with other services/users.

2.8 In addition, the charges for GSM spectrum (in 900/1800 MHz band) and CDMA spectrum (in 800 MHz band) will continue to be levied in accordance with the existing orders on the subject.

3. These orders shall come into force from the date of issue.

sd/-
(Sukhpal Singh)
Assistant Wireless Advisor to the
Government of India

Statement-III
